Set up your own email server, and configure all the cool features - jordigh ===== jordanferland I got a bit of a chuckle when I saw "screw you" in the title. ~~~ jordigh Yep, I meant it :-) ----- krapp The title is pretty misleading, "set up your own email server" isn't "run your own email server". ~~~ jordigh It's a useful article for people who want to set up their own email server, but are not interested in an in-depth guide of how to do so. They can go read the official documentation at [ " Even if we get the satellite " " I'm gonna have to resort to warcraft." "Now, I know you might think that I'm a man of the cloth," "But I'm not." "Just a man of honor." "Now, gentlemen, I'm gonna make you an offer." "The key to my movement." "So that nobody is killed." "Or hurt." "Just a little information." "The whereabouts of

"I know that means a lot to you, so I want you to know: No matter where you go, or what you do, you are Mass-Effect."

The Campaign of Mass Effect 3 Revealed

"You are Mass-Effect. You seek answers to the questions that define your universe. You find purpose, and you find a mission."

One hundred years before the Citadel, an extraordinary discovery was made. A star map containing a crucial piece of information was recovered by the Alliance. Tended to at the command of President Leland Robb, the star map reveals the final settlement of humanity: Earth. The discovery has been kept secret, but Leland Robb has a plan for the first mankind to step foot on Earth: forging new alliances... and new military alliances.

Re-programming the signaling pathways of a child: treatment of a girl with neurofibromatosis type 1 and infantile spasms. The treatment of a child with neurofibromatosis type 1 (NF1) and infantile spasms presents many obstacles. Because of the variable neurologic involvement of NF1, the possibility of epilepsy and intellectual disability makes such patients a challenge for medical management. In addition, because of the relatively high incidence of spasms in NF1, optimal management of the disorder can be problematic. With the recent understanding of the mechanisms of epilepsy, a proposal was made to re-program the central nervous system of a child with NF1 and epileptic spasms by: (i) reducing the responsiveness to excitatory neurotransmitters via membrane receptor antagonism; (ii) reducing glutamate excitatory neurotransmission via glutamate transporter blockade; and (iii) increasing inhibitory neurotransmission through the aug
